5. Individual Research Project

Throughout the course of this year you must identify a subject or a key question which is of interest to you and which relates to a German-speaking country. You will have to select relevant information in German from a range of sources including the internet. The aim of the research project is to develop research skills and you will demonstrate your ability to initiate and conduct individual research by analysing and summarising your findings in order to present and discuss them in the speaking exam (12 minutes).

You may choose a subject **linked to** one of the themes or sub-themes or to one of the works we have studied – but it cannot be on the same literary text or film we have studied.

You should each choose a different subject for your research. However, if more than one of you selects the same general subject area, the title of your research and your approach must be different. Start thinking now about the subject you want to research.....

Remember.....

When you are given handouts, please ensure that they are filed in the appropriate section of your folder.

If you miss a lesson for any reason, it is your responsibility to get a copy of anything handed out, we will have your copy so come and see us before the next lesson.

It is essential that you bring your file to every lesson.

TEXT BOOKS

The text books that we use are:

- AQA A-level German includes AS (*Amy Bates, Louise Fenner, Helen Kent & Paul Stocker*) published by Hodder Education.
- AQA German A level year 2 and AS (*Morag McCrorie, Dagmar Sauer, Corinna Schicker, Keith Sydenham & Erika Klingler*) published by Oxford.

*We recommend strongly that you buy one of these and since the Oxford book is available on line with your Kerboodle subscription, it would be advisable to buy the first book published by Hodder Education.

GERMAN ASSISTANT/PRIVATE STUDY

You will see the Language Assistant again once a week. **This is a compulsory lesson** and if you know that you are going to be away you must inform him or her. Attendance at these sessions will be closely monitored

Use your private study time to develop your independent study skills (not just to complete homework!). Use online resources such as Kerboodle for explicit exam practice and vocab building. Read German newspapers or blogs and other online resources to prepare you IRP and you will be expected to know about current affairs in Germany as well as your IRP. Look at the tips below for more advice. Remember for every hour lesson you should do **at least** one hour private study (**that's 4 hours a week!**)

REALLY USEFUL GERMAN WEBSITES

TO WORK ON YOUR LISTENING

German News

www.euronews.net

Select language 'deutsch' and then choose from a wide variety of News videos.

The youtube channel called Easy German is a fantastic resource for all sorts of different topics, cultural awareness, attitudes of the Germans towards many different areas and plenty of historical interest.

German TV channel websites:

Go to **Planet Wissen**, **ZDF Mediathek** or **Deutsche Welle** on the Internet to read and listen to relevant material surrounding the topic you are studying and to keep up with the latest news.

www.bbc.co.uk/languages/german/news

Follow this link for German articles, tv programmes and news

TO WORK ON YOUR READING

The above websites will also have reading articles. Select an article which interests you, read it carefully and select at least 10 new pieces of vocabulary to look up and **then learn**. The choice of topic area is limitless. It is a good idea to vary the topic area and to choose articles related to the syllabus topics so that you encounter a variety of vocabulary.
